5. How do I apply?
   - The 2021-2022 Community Needs grant application is available from August 30th-October 6th and is to be filled out and submitted online. Organizations without the ability to submit an online application should discuss alternatives with the Foundation staff prior to the application deadline.

   - You must have Internet Explorer 11 or higher to submit an online grant application.

7. **How many applications can I submit through my organization?**

    - The Community Needs Grants invest in the charitable efforts of nonprofits and community organizations where they will have the greatest impact within the community.

13. **What size Community Needs grants does the Foundation award?**
    - Generally grants range from $200 to $6,000

14. **Do you award grants to the geographic location where your donations come from?**
    - It is our general belief that the needs of our community do not end or begin at a county or city line and that the needs of our neighbors are our own. Qualifying nonprofit organizations serving Chippewa County may be eligible to receive grant funding from the Community Foundation. Some Field of Interest grants are awarded to specific geographic areas.
15. If a nonprofit has an endowment fund with the foundation, will it affect our chances of receiving a grant?
   - No. Having an endowment fund with the Community Foundation has no bearing when it comes to receiving a grant. If you have an endowment fund with us but your organization needs grant funding for a specific project, you are welcome to apply if you wish.

16. My organization is not classified as a 501(c)(3) nonprofit organization, do we qualify?
   - As long as your organization is a public charity as defined in section 170(b)(A) of the Internal Revenue Code, you may apply for funding to be used for charitable purposes.

17. What if I don’t know the Federal Employed ID # (EIN)?
   - Some charitable organizations that are not classified as a 501(c)(3) may not have an EIN #. Please put N/A in the answer field or select “Other” and include an explanation letter from your organization’s leader.

18. If my organization has applied for a grant through the Community Foundation in the past and we are requesting funds more than $1000, do I need to submit a copy of our IRS 501(c)(3) tax exempt designation letter?
   - Unless there has been a change, or your organization has never applied for a grant through the Community Foundation, you do not need to re-submit the tax-exempt designation letter every year.

19. What do you use the progress report information for? Is it required?
   - This information is used to report to the county and fund holders of the great work you are doing in Chippewa County through your awarded grant funding. Filling out the progress report is strongly encouraged to receive additional grant funding from the Foundation.

20. Our grant request was denied last year, why?
   - We regretfully have to decline many commendable applications. The decision does not reflect on the significance of your work or your organization’s contributions to our community. It merely speaks to the overwhelming needs of Chippewa County and to our desire to respond to them in an equitable and effective manner. When making funding decisions, the Board must carefully consider how each project meets the Foundation’s priorities and assess the potential community impact of each initiative.

21. Who do I contact with additional questions?
   - Contact the Community Foundation of Chippewa County at 715-723-8125 or grants@yourlegacyforever.org
