## Community Foundation of Chippewa County Celebrates 25 Years of Making More Possible

**CHIPPEWA COUNTY, WI.** — The Community Foundation of Chippewa County (CFCC) is celebrating a special milestone in 2026 —**25 years of Making More Possible**. On **October 27** at the annual ***Seedlings to Shade Trees Social*** the Community Foundation will highlight the many ways charitable giving has supported, strengthened, and inspired those in our area.

CFCC builds and manages endowment funds that benefit Chippewa County. With support from donors and local partners, the Foundation addresses community needs, helps people achieve their charitable goals, and strengthens local organizations and initiatives.

The **Seedlings to Shade Trees Social** will provide an opportunity to reflect on the Foundation's history, celebrate the impact made possible through 25 years of generosity, and look ahead to the future of philanthropy in Chippewa County.

The evening will begin with **socializing and hors d'oeuvres from 5:00–6:00 p.m.**, accompanied by acoustic music from **Anna & Nick**. The presentation will begin at **6:00 p.m.**, followed by closing remarks at **7:00 p.m.**

**Cheers to 25 years — and to helping make more possible for generations to come.**
